AN ORIGINAL GAME

Not a clone. Not a re-skin.

Art, math and code were made from scratch for HunterX. What sets it apart:

01 **A hunter, not a falling symbol.** The X comes from his shots: +1 to +25 at a time.

02 **Three hunts, three rulebooks.** Pinned Binoculars, tracks that feed the X, a Trophy Wall.

03 **Three worlds of its own.** Wetland, deep forest, snowy peaks — each animated, each with its own music.

04 **Lures.** You choose which hunt to chase, spin by spin.

05 **Snares and a spotter.** Brass snares multiply wins on their cells; a Binocular completes a group one short.

MEET THE HUNTER

He shoots. The X climbs.

— He stands beside the board all night: breathing, aiming, firing.

— After a winning tumble he may fire: **+1 to +25** on a running X that multiplies every later win of the round, on top of any snare.

— In a hunt, his X carries across every spin.

— A base round that ends with an unused X drops up to 2 extra boards with that X standing.

— He has a voice: he calls the hunts, cheers the big wins and reacts to near misses.

HOW A SPIN PLAYS

Six of a kind, anywhere on the board.

1. 6 or more of the same animal anywhere on the board pay.
2. Winners vanish, the board tumbles, wins are counted again.
3. A Binocular completes a group that is exactly one animal short.
4. Base game: 1–3 brass snares (×2 to ×10) multiply every win that covers them.
5. Nine animals in three tiers: Big Game, Wild and Birds.

THREE HUNTS · THREE WORLDS

Every hunt takes you somewhere new.

Bird Hunt

A misty wetland under a full moon, reeds and a lakeside hut.

Wings overhead, calls across the water.

Wild Hunt

A deep pine forest, moonlight falling through the trunks.

Something moves between the trees.

Big Game Hunt

Snow, a frozen lake and a lantern on a stone cairn.

The biggest animals, the coldest night.

Each world has its own animated night, music theme and ambience · a rifle-scope transition carries you in

THE BONUSES

Three hunts. Three rules.

3 BULLETS · BUY 65×

Bird Hunt

"From the hide"

A Binocular that lands stays pinned for the rest of the hunt (up to 3) and completes any bird group that is one short.

4 BULLETS · BUY 100×

Wild Hunt

"On the tracks"

Every Deer, Boar or Wolf win leaves tracks. A later win gets +1× per track it covers, up to +6×, added to the Hunter's X.

5+ BULLETS · BUY 250×

Big Game Hunt

"Trophy Wall"

The X starts at 2×. Each win of 7+ Bears, Moose or Bison mounts a trophy; two trophies crown that animal MONARCH.

Every hunt: 10–16 spins · retriggers add +3 to +10 · the Hunter's X carries across the whole hunt

BIG GAME HUNT · THE STREAM MOMENT

Crown a MONARCH.

Two trophies of the same animal crown it MONARCH for the rest of the hunt. From its next win on, every winning group of it pays **×3** — with the Hunter's X on top. Bear, Moose and Bison can all be crowned.

LURES

Choose the hunt you’re chasing.

A lure costs 2× the bet per spin and stays out until you switch it off. One lure at a time.

DECOYS OUT

Bird Hunts

about 8× as often

SCENT TRAIL

Wild Hunts

about 6× as often

BAIT OUT

Big Game Hunts

about 6.4× as often

The other hunts keep their normal frequency, and hunts can’t be bought while a lure is out. RTP 96.70% and max 5,000× hold under every lure.

BONUS BUYS

Buy straight into the hunt.

65×

Bird Hunt

100×

Wild Hunt

250×

Big Game Hunt

A bought hunt is the floor

Bullets that land in its opening spin can raise it one step: a Bird Hunt buy becomes a Wild Hunt in 10% of buys, a Wild Hunt buy becomes a Big Game Hunt in 6%.

Same game, same odds

Each buy returns 96.70% of its price, like every other mode, and plays exactly like a hunt opened by Bullets — with the same 5,000× top.

MADE FOR CHAT

Four moments your chat will clip.

01 · THE SHOT

The Hunter aims and fires — the X jumps by up to +25 and every later win of the round is multiplied.

02 · THE UPGRADE

A bought Bird Hunt turns into a Wild Hunt (10% of buys); a Wild buy into a Big Game Hunt (6%).

03 · THE CROWN

Two trophies of one animal make it MONARCH: every win of it pays ×3 for the rest of the hunt.

04 · CHAT'S LURE

Viewers vote Decoys, Scent or Bait — and the hunt they picked comes 6 to 8 times as often.
